

# RiseOra™ — B2B Overview

RiseOra provides educational technology and guided workflows that help organizations support financial literacy and consumer understanding of credit reporting processes. Our platform is designed for institutions that want compliant, transparent tools — not credit repair services.

## What RiseOra Offers

- Guided dispute document preparation tools
- Educational credit analysis dashboards
- Metro 2® standards education (plain language)
- Secure document management & audit logs
- Compliance-first system architecture

## Who Uses RiseOra

- Universities & financial education programs
- Employers & HR benefit providers
- Nonprofits & community organizations
- Fintech & compliance-focused partners

## Compliance-First by Design

RiseOra does not submit disputes, provide legal advice, or guarantee outcomes. All tools are educational and user-directed. Platform language, workflows, and outputs are designed to align with consumer protection expectations and payment processor requirements.

## Partner Opportunities

- White-labeled portals
- Employee benefit integrations
- Campus & community deployment
- API & data integrations
